

AKALYA SANKAR

Chennai, India 621717 | 8015807704 | akalyasankar0503@gmail.com

Summary

Aspiring Software Engineer with knowledge of Java, Python, SQL, HTML, CSS, and Software Testing concepts. Strong foundation in object-oriented programming, database management, and web development. Hands-on experience through academic projects, internships, and certifications in software development and data science. Quick learner with strong problem-solving and analytical skills, passionate about building efficient and user-friendly applications. Seeking an entry-level Software Engineer position to contribute technical expertise and grow in a dynamic development environment.

Skills

- Problem Solving
- Time Management
- java programming
- python programmer
- SQL
- Manual and Automation testing

Experience

Data Science

09/2024 to 10/2024

Corizo

Chennai India

Data Science Intern – Corizo

Completed a hands-on internship focused on data analysis, machine learning, and real-world data projects. Gained practical experience in data preprocessing, model building, and visualization using Python and tools like Pandas, NumPy, and Scikit-learn. Collaborated on industry-level problems, improving data-driven decision-making skills.

Web Development

08/2024 to 08/2024

Code Bind

Chennai India

I completed an Implant Training in Web Development, where I gained a strong foundation in HTML and CSS. I not only had learned the theoretical aspects of web design but also hands-on experience building web pages.
